

*Below are our core beliefs regarding preventive care plans:*

## **Our Pets Are Just Like Us**

Just like us, pets require care at each life stage - including regular diagnostic screenings, vaccines, and treatments - to keep them healthy.

## **Pets Age Faster**

Every 6 months equals several human years for pets. Accelerated aging makes regular head-to-tail exams even more vital for your four-legged friend.

## **They Can't Tell Us**

By nature, pets hide symptoms of sickness or injury. Regular preventive care does the talking for them.

## **A Plan For Lasting Health**

We believe in honoring your bond with your pet. We're committed to doing all we can to ensure they stay happy and healthy.

*Preventive care plans are our way of putting the cost of optimal care within easy reach by allowing you to budget for this care via small monthly payments.*

*Wondering about the right preventive care plan for your pet? Ask any of our team members. They're happy to help!*

*Sincerely,  
The Veterinarians at Monument View Veterinary Hospital*

# **Preventive Care Plans**

*We're committed to helping you enjoy each and every year with your pet. As part of this commitment, we offer preventive care plans for pets of all ages. These plans make it simple to provide a lifetime of optimal care to your trusted companion.*
